GUIDELINES FOR THE PERKASIE PRIDE AWARDS

CRITERIA

The Perkasio Pride Award will be awarded by the Perkasio Borough Mayor and Council each year to recognize up to 5 properties within the Borough that have made a significant contribution in beautifying the town. The improvements, restoration and/or beautification recognized by the award do not necessarily have to occur within the calendar year that the award is given.

SELECTION

Any person, Councilmember or group, including the Perkasio Historical Society and the Perkasio Olde Towne Association may nominate a building or property for consideration for the Award. Such nominations should be received by the Borough, along with a brief paragraph describing the improvements made, by June 1 of each calendar year. Awards will be made at Pennridge Community Day. It is also asked that the nominee include any historical information about the building so that information can be preserved for the record.

Borough Council would then select the 5 properties to receive plaques as described below. Once nominated, a property would remain in nomination for subsequent years.

RECOGNITION PLAQUES

It is proposed that the Mayor and Council would award a wall plaque suitable for outdoor display. This plaque would be approximately 7 inches in diameter and contain the words "PERKASIE PRIDE AWARD", the date the award was given and be inscribed with the Perkasio chestnut tree. The plaque may also show the year the building was constructed.
